

Mandatory Training course completion notification

shapes.asg@bt.com <shapes.asg@bt.com>

Wed 02/02/2022 17:06

To: Smriti Rani <smriti_rani@thbs.com>

CAUTION! This message originated from outside of Torry Harris. Please treat hyperlinks, attachments and instructions in this email with caution.

Dear Smriti,

Congratulations on the successful completion of Working in Partnership with BT,RC06000 on Feb 2 2022 11:32AM

Please accept this email as evidence of proof of learning and keep in a safe place for audit purposes.

Important:

- If you have a BT EIN/UIIN and have not registered it on the Working with BT site, please forward this email to regulatory.compliance@bt.com and advise us of your BT EIN/UIIN number. We can then register the completion on the BT's core training system Learning Home.
- If you now have a BT EIN/UIIN and an IUSER account and IUSER password, you should no longer use the Working with BT site to complete training. You should in future use Learning Home

NOTE: This does not apply to Openreach third party engineers completing the **Is it OK? Our ethics code - Openreach third party field engineers** training, they should only use the **Working in Partnership with BT** site.

Many thanks for your support.

Regards,

Mandatory Learning Team.
